BASKETS FOR THE NEEDY PROVIDED BY SALVATION ARMY

Distribution Made This Afternoon From Army Barracks Here.

NONE NEED BE WITHOUT PROGRAM IS RENDERED

Adjutant John Campbell and Associates Keep Closely in Touch With Cases Requiring Attention; Thankful for What Has Been Given.

Christmas cheer was distributed to the needy of the community this afternoon by the Salvation Army. Beginning at 2 o'clock baskets filled with a substantial Christmas dinner were being given out at the hall at 202 West Crawford avenue.

For the past few weeks requests have been made by those soliciting the baskets and after investigation the applicant was given a ticket with the information to call at the above address and receive the basket.

The investigation revealed some rather sad homes, the cause being a common one—out of work. In one home where the investigator was directed that they found a mother with eight children the oldest 14 and the youngest nine months. Luckily the father had work—three and four days a week. They were bravely struggling along, but were going down hill all the time. They were expecting that the work would soon be going full and consequently were loath to ask for aid, but the children were without shoes and good clothes although the little mother was trying to keep the clothes wearable by sewing and patching, but the wear and tear that the children gave them were more than her needle could keep up with.

Through the Christmas fund of the Army good shoes and other articles will be supplied and one of the well-filled baskets that will give them a good meal for two days. The follow-up system of the Army will see that they have what they need till they are able to provide for themselves.

Santa Claus will call at the Army headquarters tonight at midnight to get the names of some of the little boys and girls who have written him, and will visit some of them who may not have a very good Christmas. Monday night he will visit the Army hall and meet any little boy or girl who may have been forgotten or overlooked and have gifts with him.

Westmoreland Grocery Co. Gives Employees Checks

Employees of the Westmoreland Grocery company who have been in the service a year or more were their month's salary. Those in the service less than a year also received checks but not for as large an amount.

The employees presented General Manager John R. Rodgers of Greensburg with a silver set and F. E. Koelker, the local manager with "enough wearing apparel to last five years." The gifts to Mr. Koelker included shirts, ties, socks and other articles.

TOYS FOR LITTLE FOLKS ON TREE AT DUNBAR FURNACE

American Manganese Workers Devote much Time to Manufacture of Supply.

PROGRAM IS RENDERED

A community Christmas celebration under the auspices of the American Manganese Manufacturing company of Dunbar was held at the parish house, above the furnace, last night. Hundreds of guests were present and all the children's hearts were gladdened with gifts.

It was the first time that such an event had taken place under the supervision of the manufacturing company. The idea originated with R. M. Marshall, general manager, about six weeks ago and he submitted it to the men of the plant. Since that time a number of the employees had been putting in extra time in the evenings making toys to be given to the children.

Rev. L. R. Wylie had charge of the opening exercises and Rev. O. W. Bolton delivered the benediction. Rev. R. S. Hardin offered prayer.

The principal address of the evening was made by Rev. E. A. Hodt of Uniontown. He spoke of the "Community Spirit." Chorus of the various churches sang.

Seven hundred boxes of candy were given away and several crates of oranges were given to the youngsters, who were also plentifully supplied with popcorn.

A big Christmas tree was beautifully decorated for the occasion. Funds for the event were secured through donation by officials of the plant and merchants of Dunbar.

Two hundred kiddie kars, wagons and other substantial toys for the children were given to those who might otherwise have none on Christmas. They were made by the men who donated their services.

The event was in charge of a committee composed of Frank Shaffer, L. R. Eshman, John Greaves and Charles Hiles.

Snow and Colder, With Cold Wave, Is Christmas Forecast

Western Pennsylvania, including Connellsville, may yet have a "white" Christmas. The weather forecast carried at noon today predicted snow and colder tonight to be followed by a cold wave. This announcement follows closely on that of yesterday that warmer weather would continue.

The temperature yesterday rose to a maximum height of 65 degrees. The coldest period last night was 44 degrees. Beginning shortly after noon yesterday a steady rain fell without a period of slackening. After midnight the rain fell heavier and the Youghiogheny river rose rapidly. This morning it had reached the height of 10 feet and was still going up. It was estimated at noon that two additional feet had been added.

Although there was no drop in the temperature this morning to indicate the arrival of a colder period the mercury rose very little above the minimum temperature of 41 degrees.

UNION SUPPLY CO. SANTAS MAKE GLAD HEARTS OF MANY

Fifty Thousand Boxes of Candy and Thousands of Calendars Distributed.

PROGRAMS, SOME STORES LARGE CHORUS TO SING

Children throughout the coke region were given a Christmas treat in the form of a box of candy yesterday afternoon by the Union Supply company stores at the H. C. Frick coke company plants. All who came were supplied with beautiful calendars.

At some of the stores the treat was made quite an event, a full program being carried out. The distribution of candy gladdened the hearts of thousands of youngsters. It had formerly been the custom of the supply company to hold the treat annually, but during the past two years the practice had been discontinued. Yesterday the company handed out 50,000 boxes at its more than 60 stores.

At Davidson no program was carried out in connection with the distribution because of the inclement weather. About 4 o'clock the children passed through the store and received their candy. One thousand boxes were distributed. Three hundred calendars were given to the women. E. H. Hough, dressed as Santa Claus, made the distribution.

At Trotter there was a program. Edward Frazer's orchestra furnished music and played a grand march as the youngsters marched around the auditorium of Trotter hall, where the distribution was made, and received their boxes of candy from Santa Claus. C. L. Hurley appeared in this role. Robert L. Warner led the little guests in singing Christmas songs.

At the Lisenberg No. 3 plant the treat was handled under the supervision of J. O. Saxman, store manager. The coke company had erected a community Christmas tree and an interesting program, arranged by Miss Elizabeth Rupp, welfare worker, and Mr. Whitmeyer, principal of the schools there, was carried out. The exercises were held in the basement of the Monarch school building, the teachers assisting. Christmas songs were sung by the youngsters and Rev. Hamilton of Scottdale and Mr. Whitmeyer gave short talks. Miss Rupp, check of the McGraw Training School, Uniontown, led the prayer. The Lisenberg No. 3 band furnished music.

Had Kidney Trouble Ten Years.

Don't give up hope if you are suffering from backache, rheumatic pains, stiff, swollen joints, always tired feeling, pains in groin and muscles or other symptoms of kidney trouble. J. T. Osburn, R. F. D. No. 1, Lucasville, O., writes: "I had kidney trouble for 10 years. I tried all kinds of kidney remedies but they did no good. I took one bottle of Foley's Kidney Pills and they helped me so much I am well now."—Advertisement.

Miscellaneous's Freak Chicken.

A Missouri farmer has a four-legged Rhode Island Red chicken. The chicken was hatched in March, has run with the rest of the flock and is as large as the average chicken of the variety. When first hatched the chicken looked as though it had a head on both ends. It was a kind of double chicken. Only one of the parts developed, however, and the two extra legs now hang about three inches from the ground.

SOLOMON WAS ARRAYED
Involuntarily the uplifting effects produced on one with a New Faith of Clothes.

"We wonder what a brand new exhilarating outlook on life comes to one with the possession of a new set of clothes, new shoes, new linen, a new hat, new ties and a new appearance of one's self when he stands before the mirror—and reflects, then, that after all the years are not telling on him so badly as he thought, and the casual observer may mistake him for a millionaire."

Everybody knows how much finer the home atmosphere is and how much better content seems to brood in it, when the house cleaning is done in the spring, when the furniture is moved about into new positions, the end brackets and the way to kitchen and to floors new rugs appear, new curtains and a new aspect of coziness which cheers the whole family.

The new outfit for the individual has just this same sort of happy effect, says a writer in the New York World. "We know it, but how long we so often stupidly postpone the blessing! How long we gloom unnecessarily in coats that feel so grossy to the touch, in trousers that shine, in shirts and neckwear that seem like an old home week whenever they are fastened together, in hats that a dining and shoes that do not suggest status, manly urbanity, social standing or affluence to any to whom they may be exhibited."

The most pardonable spendthrift in the world is he who after a proper generosity to his dependents puts money on his own back finds pleasure in being an object of envy and admiration on the street and when he contrasts his fellow man for business or pleasure looks as if optimism were his born companion and worry the least thought of self-indulgence in his soul.

AW VALUE OF STEAM POWER
Newspaper of 1821 Hailed With Joy the Passing of the Day of the Sailing Vessel.

The clouds of prejudice and fear appear to recede at the test of experiment and reason says the National Gazette of Oct. 4, 1821. The steamship Robert Fulton was full of passengers from New Orleans and Charleston and each of which this simple proof of safety and dispatch adds to the number of converts in favor of steam navigation on the ocean. What a gigantic improvement in speed! Those who are in the habit of crossing the Atlantic who are compelled to pass days and weeks in a dead calm, when the unruddered surface of the ocean that reflects like a mirror, and when the sun points down his fierce and intolerable rays and the sails flag to and fro can imagine what their feelings must be at seeing the steamship pass them rapidly the wheels in quick motion and the smoke rolling in curled volumes from the funnels to seawards! It well deserves passengers walking the decks.

The next improvement of value is to make steamships carry freight—say 150 tons of the goods and those which run from Montreal to Quebec may serve as models. There is yet much to be done in this way and from the enterprise of our citizens there is no doubt it will be done in time.

Deal brown velvet in tastefully trimmed with metal embroidery to make this attractive afternoon gown. The broad ribbon sash adds an unusual touch.

METAL THREAD MAY BE USED

Combined With Colored Embroidery Novelty Provides New Note for Decoration of Gowns

Rodiker has designed some woven trimmings which combine metal threads and color of embroidery in an artistic manner. They are gowns of various widths. In the former type there is a check in the form both of patterns on the skirt and mantles and in the design on the sleeve with stripes horizontally of red wool vertically of gold thread. Stripes of different widths in silver are used on a higher background. Silver thread makes a dainty design in black tulle. In the gowns there are red gold stripes in solid color and gold flowers and leaves on blue and gray. Little tulle effects are frequent in two tones generally, as a favored by plaid, gold and colored narrow braid that form through the wave.

Conventional designs that give the impression of embroidery are also in the collection as well as large wave patterns in metal thread on a background of gold or silver. A velvet effect is rendered with a metal thread seen to have been woven in but not through braid just a black which conventional design in velvet would also be a choice in velvet. Greek pattern on the lower edge and a plain openwork effect above.

Matinee Boxing Show Is Schedule for Monday; Circus Meets Welty

Connellsville boxing followers will be treated to their one annual afternoon show of the sport on Monday when K. O. Circus of Pittsburgh meets Frankie Welty of Latrobe in a 10 round encounter. The matinee program is given each Christmas afternoon. All other bouts fall during the evening.

Circus and Welty are two types of aggressive boxers. Circus has not been in this city in years and attendance at the West Side shows know what Welty can do. The fair haired boxer from Westmoreland county has a host of friends here and they will all be on hand on Monday afternoon to see him in action against a scrappier carrying a reputation.

Johnny Fundy, A. L. F. champion who made a very favorable impression with boxing fans here earlier this season will be seen in the semi-final. Fundy also meets a kyo artist in K. O. Miller. Johnny fought Hollock of Dawson here some time ago and won favor when he refused to take advantage of the local boy after opening an old cut over the eye. Fundy will be the recipient of a rousing reception when he steps into the ring.

"Dummy" Hough of Broad Ford and Julie Schlinger who hails from the same place will don the mitts in the four round preliminary. The fight is of purely local interest and has created considerable talk. An extra attraction on the program will be the "battle royal" in which a quintet of negroes will participate. The scrap will last for four rounds and will start the show with loads of pep.

LEDOUX NEVER TAPED HANDS

Little French Fighter Displays Pair of Mitts About as Clean as Bank Clerk's.

One would imagine that a fighter who has been through about 400 battles had had his share of broken and bruised hands.

But it told that such a fighter never had wrapped his hands with tape one would be compelled to wonder why said fighter has not broken his hands in nearly every one of his 400 scraps. Yet Charles Ledoux, the little Frenchman, never has worn tape over his hands and today he displays about as clean and natural a pair of mitts as if he had done nothing more strenuous all his life than keep books in a bank.

"I never have hurt my hands," Ledoux says. "As for the tape—well, many times I believe fighters' hands are broken because they handle them awkwardly with that tape. I just put my hands in and hold my hat tight and properly."

Tom Moore, international speed skating champion has been ruled ineligible by Mid Atlantic Skating association.

Princeton will drop Navy from 1923 football schedule to keep in trim for hard battles with Chicago, Yale and Harvard.

A game between the Vanderbilt and the University of Michigan will be arranged.

TIGERS LOSE SIX STARS

Six members of Princeton's football team who earned their letters will be graduated in June and ten have at least one more year of intercollegiate football ahead of them. Those to be graduated are Keck, Lourie, Garity, B. Stinson, Hooper and Winter. Those available for next season are Baker, Salter, Scott, Ruffan, Von Schilling, Lipscomb, B. Stinson, Weaver, Gleason and Gires.

Leader of the Chicago American League Team

Kid Gleason, the fiery leader of the White Sox, doesn't like to be called "Pop" or "Pa." He resents it and the bird who calls him either one of those pet names had better be a block away when he addresses Gleason in a term of endearment. "At bespeaks the armchair and tottering age."

Jesus Guilford is the best amateur golfer in the United States, in the opinion of the English professionals who are touring the United States. Of course he has the this Boston "Golf" gun. When the amateur and four title this year should have won him as the leading amateur but the fact that two stars of the same sport, Bobby Jones and H. V. Whitney, have been announced as his opponents, cannot help but make his position the more secure.

It is one thing to win a golf title and another to know that those who share the higher place in the sport with the champion respect him and his ability. Bobby Jones, who has always stood high in the eyes of his fellow golfers, and Guilford to whom high honors have come only recently, likewise commands respect and friendship of others who follow his art.

AUBREY DEVINE LED IN SCORING POINTS

Never Not Equaled in Conference in Recent Years.

Achievement, Not Surprising as Little Quarterback Has Earned Great Reputation During Three Years on Team.

Aubrey Devine, the little all western quarterback and captain of the University of Iowa football eleven Western Conference champion, led all the Big Ten stars in scoring during the past season. Devine tallied 68 of the 125 points his team made in championship games, a record which has not been equaled in the conference in recent years.

Devine's record represents also touchdowns and fourteen goals in touchdowns. He led the conference in yards of these breaches of scoring as well as in the total points. Consistent preliminary guess his team would be much larger.

Ranking next to Devine was Elliot, Wisconsin's halfback, who scored seven touchdowns for 42 points in championship contests while Locke of Iowa tied for fourth place, giving the Hawkeyes three of the first four leading scorers of the season.

The following table shows the touchdowns, goals, field goals and total points made by the scorers in this conference this season, only comparing.

He recently was termed by Dr. Harry Gillette, Minnesota's coach as "the greatest back field player the country has ever known a man of all American ability."

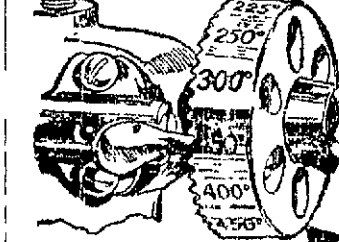

Devine, who lives in Des Moines, Iowa, all Iowa quarterback in high school and has been chosen by virtually every college of all conference and all western quarterbacks during the last two seasons.
